

Test: Frontend (HTML/CSS Focus)

Frontend Developers (HTML/CSS Focus)

Your TestTask as a Frontend-Developer is:

Transform the XD File under

<https://deploy.thisisdmg.com/hr/testtasks/frontenddev/Layout-Frontend-Tool.xd> in a

responsive Site. You also can download a pdf export for 4 screensize under

<https://deploy.thisisdmg.com/hr/testtasks/frontenddev/Layout-Frontend-Tool.pdf>

- username: testtask
- password: DMGTestTask

You can use either Reactjs, Vuejs or Angular for creating the full responsive site

Please keep in mind:

- The result must be pixel perfect
- there should be a slider on mobile
- - and + Buttons should work, like in a Onlineshop

What is the process:

1. You get this task
2. You can ask questions
3. You send us a estimate, when we can receive the result
4. You send us the result as .zip file, without node_modules we install them by npm install
5. We review your code
6. You get feedback
7. You resolve the bugs
8. You get a rating based in the following criteria

The evaluation is based on the following criteria (in order of importance):

1. On-time delivery, latest 7 days after receiving this task
2. Responsive Behavior
3. Accurate pixel perfect design result compared to XD-File
4. Cross-Browser and screensize compatibility (Firefox, Chrome, mobile Safari)
5. Structure of data/components
6. Quality of Code
7. Completeness of featureset
8. Structure of code
